EXPERIENCE

SOCIAL MEDIA MANAGER, TECH EVENT COMMUNICATION

SINFO (www.sinfo.org) | April 2017 - Present

SINFO is one of the biggest tech conferences in Portugal, and it is a non-profit college student organization. I am responsible for managing social media accounts and the promotion of the conference.

FREELANCER WEB DEVELOPER

Jun 2016 - Present

I am a freelancer web developer. Mainly, I develop responsive and fluid websites for companies or projects.

WRITER

Kioske da Maçã (www.kioskedamaca.com) | Jun 2015 - Present

Kioske da Maçã is a Portuguese blog which covers technology news, mainly about Apple and its hardware and software. I usually write apps and devices reviews, but I also cover news, rumors and tidbits about the company. I also co-host the blog's podcast, "Podcast do Kioske".

MULTIMEDIA TEAM LEADER

Finalist Committee | Sep 2014 - June 2015

I was responsible for the creation of diverse multimedia content for my Finalist Committee events, including poster and bracelet design, as well as a social media and event disclosure manager.

INTERN

Aguirre Newman | Sep 2015

Winner of an internship in the prestigious consulting company, Aguirre Newman Portugal, in ambit of the "A Empresa" program, created by Junior Achievement Portugal.

CO-FOUNDER, CHIEF TECHNOLOGY OFFICER

Savy | Apr 2015 - Aug 2016

Savy is a startup mini-company which I co-founded, responsible for the creation of devices that help users to achieve home savings easily. I was CTO of Savy, which got an award at the "A Empresa" competition.

PROJECTS

SAVY

Feb 2015 - Aug 2016

Savy is a startup mini-company which I co-founded, responsible for the creation of devices that help users to achieve home savings easily, as well as reducing the human footprint in the environment. I was CTO of Savy, which recieved an award at the "A Empresa" competition.

S.H.A.R.E.S.

Sep 2013 - May 2015

"S.H.A.R.E.S." (Solar – Hydro – Aeolic: Renewable Energy & Sustainability) is a Comenius project funded by the European Union, which goal is to promote the need for Energy Conservation and the advantages of using Renewable Energy Sources which are environmentally friendly and ensure Environmental Sustainability. In the ambit of the project, I have visited and co-operated with students from Beja (Portugal), Azuqueca de Henares (Spain), Düsseldorf (Germany), Kortrijk (Belgium) and Constanța (Romania).

WHY MATHS?

Sep 2013 - May 2015

"Why Maths?" is a Comenius project funded by the European Union, aimed at showing students why maths is so important in the most diversified areas in our society. In the ambit of the project, I have visited and co-operated with students from Kells (Ireland).

EDUCATION
