PROFILE

MSc Information Systems & Computer Engineering student, who absolutely loves technology, music, and traveling. Proactive, creative, fast learner, imaginative, independent, hard, and dedicated worker.

EXPERIENCE

2019 - present — **Coordinator**
SINFO
SINFO is an annual non-profit event organized exclusively by university students striving for a more interesting and innovative event in each edition. It is considered one the biggest free tech conference in Portugal.

2019 - present — **Festival Content Associate**
Landing.jobs
Responsible for planning and definition of the strategy for the speakers invited to Landing Festival in Berlin, Lisbon and Amsterdam, as well as research, invite, onboard and assure the best experience possible for speakers. Researching and contacting experts and speakers for technical and non-technical workshops and AMA sessions with event attendees.

2016 - present — **Web Designer & Developer**
Freelancer
Designer and developer of responsive and fluid websites aimed at promoting various companies and projects.

2018 - 2019 — **Team Leader, Social Networks & Communication**
SINFO
Responsible for managing the conference's social media accounts, newsletter and promotion. Contacted international personalities from fields such as Animation, Software Engineering and Artificial Intelligence, to speak at SINFO's keynotes' panel. Established partnerships with recruiting tech companies, generating funding to allow the non-profit event to be free for everyone.

2017 - 2019 — **Communication & Social Media Manager**
SINFO
Responsible for creating social media content in the Communication and Social Networks team to provide daily posts on Facebook, Twitter, LinkedIn, YouTube and Instagram accounts of SINFO.

2015 - 2018 — **Writer, Editor, Podcast Co-Host**
Kioske da Maçã
Kioske da Maçã was a Portuguese blog which covered technology news, mainly about Apple and its hardware and software. I wrote apps and devices reviews, but I also covered the news, rumors, and tidbits about the company. I also co-hosted the blog's podcast, "Podcast do Kioske".

PROJECTS

2014 - 2016 — **Savy**
Savy is a startup company which I co-founded, responsible for the creation of devices that help users to achieve home savings easily, as well as reducing the human footprint in the environment. I was CTO of Savy, which was awarded the runners-up prize at the "A Empresa" competition.

2013 - 2015 — **S.H.A.R.E.S.**
"S.H.A.R.E.S." (Solar – Hydro – Aeolic: Renewable Energy & Sustainability)was an Erasmus+ project funded by the European Union. Its goal was to raise awareness of the need for Energy Conservation and promote the advantages of using Renewable Energy Sources. Within the ambit of this project, I have visited and co-operated with students from Beja (Portugal), Azuqueca de Henares (Spain), Düsseldorf (Germany), Kortrijk (Belgium) and Constanța (Romania).

2013 - 2015 — **Why Maths?**
"Why Maths?" was an Erasmus+ project funded by the European Union. Its goal was to show students why maths is so important in the most diverse areas of our society. With this project, I have visited and co-operated withstudents from Kells (Ireland).
